SUBJECT: H. R. 3535, a bill to prohibit payment of Federal retirement benefits to those who are not retired as defined under the Social Security Act.

Subject bill has been reviewed by the Office of Personnel and our position is as follows:

- ☐ No objection.
- ☒ Continue monitoring/OP interest.
- ☐ No CIA equities.
- ☐ Seek CIA exemption.
- ☐ Advise OP when enacted.
- ☒ Comments.

We strongly object to this bill! Any person who retires from the federal government before the age at which an individual may retire under the Social Security Act (age 62 with a reduced pension and age 65 with a full pension, with these ages subject to being raised as Social Security funds decrease) would not be eligible to receive their federal government retirement. This would deny benefits which federal service employees are presently eligible to receive upon retirement.
